

Media Release

Cognitec at ID World Abu Dhabi

Dresden/Abu Dhabi, May 1st, 2010. Cognitec Systems, - a leader in face recognition technology and systems, will be presenting its latest products at the ID World Abu Dhabi to be held at the Beach Rotana Hotel in Abu Dhabi, U.A.E. May 3rd & 4th, 2010.

There is a fast growing demand from government, law enforcement, retail and industry customers for solutions to identify persons from live video cameras or video footage. Cognitec has addressed this demand by offering products that are optimized for the analysis of video streams, in order to detect, locate, track and identify faces by real-time comparison to watch list databases.

Cognitec's presentation:

- A new version of Cognitec's biometric face recognition VideoScan software: Person identification through video surveillance cameras using multiple cameras in real time, based on Cognitec's unique face tracker technology

About Cognitec

Headquartered in Dresden, Germany and with offices in Miami, FL; Hingham, MA; Rio de Janeiro, Brazil; and Hong Kong, China, Cognitec develops, markets and deploys the well-established and market leading FaceVACS® face recognition software to global customers and government agencies. Cognitec's software experts have been developing face recognition technology since 1995. In various independent evaluation tests including the Face Recognition Vendor Tests in 2002 and 2006, FaceVACS® has proven to be the leading technology available on the market.
